

Pacific Pump and Power Sponsors Operations Challenge at HWEA Conference 2008

“Collaborating to Sustain Our Water Environment.”

It was great to see everyone who stopped by our booth! HWEA put on a great Operations Challenge and Conference. The three teams competing in the OPS Challenge were the Maui Reclaimers, Septic Soljahs Special Ops, and Septic Soljahs Bomb Squad. Congratulations to Maui Reclaimers, the winners! They will be competing at the WEFTEC Conference this fall!

The Operations Challenge combines five equally weighted skills tests in the Collections, Laboratory, Maintenance, Process Control, and Safety events.

Maintenance Challenge: The teams prepare a Godwin Dri-Prime CD100M for service at a disabled lift Station.

Collections: The event simulates connecting a 4" PVC lateral sewer line to an existing 8" PVC sewer pipe while in-service and the programming of an automatic sampler.

Safety: The teams rescue an unconscious colleague from a confined space.
