## Labor Rate Increase June 1st 2024

Pacific Pump & Power strives to be the best solution to all your pumping and power generation needs. Part of this has always included having very reasonable rates for our mechanics, labor, and operators.

While we maintain that we want to be reasonable, costs have gone up and we have not increased these rates since we opened our doors back in 2006. Effective June 1st 2024, our new rate sheet will be in effect. Our rates are still lower than the industry standard for the islands. We will still honor any contracts that are already in place with the current rates until the expiration of those contracts.

If you need assistance with mechanics, sewer bypassing, joint testing, HDPE or PVC pipe fusion, dewatering, generators, compressed air, dredging, pumps, pipe plugs, service or operations, please call us at 808-672-8198 or email us at [Sales@hawaiiumps.com](mailto:Sales@hawaiiumps.com).

### STANDARD LABOR RATES

Manager Rate	\$ 150.00 per hour (straight time) \$ 225.00 per hour (overtime)
Mechanic Rate	\$ 150.00 per hour (straight time) \$ 225.00 per hour (overtime)
Operator Rate	\$ 125.00 per hour (straight time) \$ 187.50 per hour (overtime)
Labor Rate	\$ 75.00 per hour (straight time) \$ 112.50 per hour (overtime)
