Upstanding Safety Record!

Pacific Pump & Power is proud to tell you about our company's excellent safety record. We achieve this nearly flawless record through training and safe work procedures. This past weekend, we had a 100% staff attendance training day where we all got certified/Re-certified in First Aid, as well as refreshers on a lot of the training critical in our day to day work including Forklift training, Contained Space, Fall arrest, LOTO, and chainsaw. Our team is proud of the training we do to make sure that everyone on our team makes it home each day!

If you need assistance with mechanics, sewer bypassing, joint testing, HDPE or PVC pipe fusion, dewatering, generators, compressed air, dredging, pumps, pipe plugs, service or operations, please call us at 808-672-8198 or email us at Sales@hawaiiumps.com.
